Grace Garland's CD Release Party Announced...

November 16th, 2005 – 7pm

After years of performing in **New York City**, **Grace Garland** has finally found the right team and the right material to put together a **full-length album** that embodies all that she feels. Grace is set to share her **unique fusion of jazz and contemporary R&B** on an album which **critics** are already saying, **speaks to women everywhere**. Her **debut solo release, *Lovers Never Lie (In Bed)***, is due out in **November**.

The **story behind the title track** sums up Grace's **fun** yet **reflective personality**, as well as the **overall creative process** of her album. Her **songs express her own voice**, the **voice of girlfriends**, or in some cases, the **voice of complete strangers**. ***Lovers Never Lie (In Bed)***, came to her one day as she was **people-watching** on the **subway**; "I was listening to a couple fight, and the guy was rapping hard, sweet-talking this woman; the rhythm of the train kicked in, and I could just tell she was so going to believe him because of the way he was touching her. The seduction. She just had that look, you know when you really like a guy, she just wanted so badly to believe in him. That's when the song came to me. Lovers can do no wrong, when you're in love".

On **Wednesday, November 16th** at **7pm**, **Press & Industry** are invited for a **Meet & Greet** with **Grace Garland** in the upstairs **VIP lounge** of **Soho 323 (323 West Broadway** between Grand and Canal Streets). **General admission** will begin at **8pm**, and Grace will take the stage for an **always-captivating LIVE performance** at **8:30**. She will give everyone a taste of the new album, with an after-party to follow. For more information, please visit www.gracegarland.com or www.soho323.com. Please **RSVP** for the event via alyson@artist-media.com.
